Photo Montage Packages for Graduation

The most popular format for the Graduation Montage is as follows:

1. Opening title page with school logo, name of school, and graduation class year
2. Group pictures
3. Message
4. Individual pictures of each student
5. Message
6. Group pictures
7. Final message
8. Ending page with school logo, name of school, and graduation class year

Music is present throughout and changes with each section

Each package includes:

- Introductory title page with the school logo and graduation text (name of school, class of 2007, etc.), with an effort to use the school colors.
- 3 messages or titles to be placed at any point in the montage (for example: one at the beginning, one in the middle, and one at the end). These can be special remarks to parents, students, or teachers, a quotation, or a Bible verse.
- 40 group pictures (graduating students, team sports, clubs “through the years” pictures, etc). The standard format is to place 20 group pictures before the individual pictures and 20 group pictures following the individual pictures. You can use 2 songs for these pictures (one song could go with the first group of 20 pictures and another song for the second group of pictures).
- 10 individual pictures for each student along with a song of their choosing for their pictures. Students may provide song or we will download it from I-Tunes for a cost of \$2.00.
- Student names to go along with their section
- Ending page with school logo and short message.
- Online preview before final version is made to allow for comments/corrections. Administration use only.
- Plastic clamshell case.
- On-disc printing with school info
- Customized DVD menu
